

# KAMCARDS®

A new, complete reference on Trees (360 pages). Fully photographed and now available on DVD. Designed as a Plant Palette, Business tool and learning reference manual for Landscape Architects. Excellent tool for other Horticultural discipline, created in MS Word for ease of use. Over 300 Kamcard pages covering one plant per page. Printable documents can be sorted to your preference, including over 2800 photographs. Good selection tool, well illustrated, whole plant photographed, and easily updated. Photographs are available for limited business use. Format allows for personal editing and addition of notes.

Cost of DVD/Book Copy: \$100.00
